

APPRENTICESHIP VACANCY
Bath Site
Engineering Mechatronics Maintenance
Technician Level 3

The Apprenticeship

We are looking for a talented individual to join our Apprenticeship Programme in Bath.

The apprenticeship is a 4-year programme, commencing September 2021. During the apprenticeship you will have the opportunity to earn a salary and achieve recognised qualifications whilst gaining practical hands-on experience.

The Apprenticeship includes processes such as preventative maintenance operations, welding and fabricating, fault finding and resolution, mechanical and electrical installations, basic machining and repair, inspection and installation of pneumatic systems, buildings and grounds maintenance, machinery installation and safety inspections, continuous improvement of our site. It will also involve working at height, limited confined space work, teamwork with larger projects, use of forklift trucks and various access equipment.

Qualifications/Experience

No experience is required however candidates must have, or are expected to achieve, a minimum of 4 GCSEs, grades 9 to 4, in relevant subjects, including Maths and English.

Applicants must display appropriate engineering abilities and have a genuine interest in mechanical/electrical engineering and machinery with varied practical ability and a desire to become a first-class Engineer Mechatronics Maintenance Technician. The applicant must be willing to continuously improve and upskill as required.

Skills Required

- A positive and professional attitude
- Excellent problem-solving skills
- Honest and reliable
- Pride in your workmanship
